[EAA 166 MEMBERSHIP RENEWAL FORM](#)

President's Message:

117 YEARS AGO! Today is a very special day as some of the original homebuilders, Orville and Wilbur Wright made history with what we recognize as the FIRST FLIGHT! Their flying machine has changed our world and without them, we as aviation enthusiasts, would not exist.

Just like the Wright brothers who persevered through unbelievable weather, technical difficulties, including many wrecked gliders and machines, our Chapter 166 is persevering and looking forward to 2021! Our membership continues to grow, especially our Student Members through Young Eagles! Our RV-12 is continuing to be riveted together, with more Student Members helping and learning! Some of our Student Members are also building an RV-12s at their high school in Middletown! We've applied for the \$10K EAA Ray Aviation Scholarship and will be opening up our application process for our EAA Advanced Air Academy Scholarship by the end of this month. We're even planning next year's potential Aluminum Overcast tour stop at Barnes Airport (BAF) in Westfield, MA and have a meeting with their new Airport Manager, next week. Our EAA Ford Tri Motor is also another focus we're zooming in on, for Brainard Airport (HFD), for next year!

What else? I don't know, but if you have an idea, please let me know! The sky is NOT the limit for EAA Chapter 166!

Enjoy today's snow!
See you in 2021!
BLUE SKIES!
Steve

EAA 166 RV-12 under construction!

Ty's first time off of terra firma and now a YOUNG EAGLE!

What debt? Choppers costa plenty? . . .but they sure are cool!

This is how you park a chopper!

Night ops!
